Dear Applicant:

We considered the information you sent us and have determined that your termination of this plan does not adversely affect its qualification for federal tax purposes. Please note that this is not a determination regarding the effect of other federal or local statutes.

Publication 794 explains the significance of this favorable determination letter, points out some features that may affect the qualified status of your employee retirement plan and provides information on the reporting requirements for your plan. It also describes some events that automatically nullify it. It is very important that you read the publication.

Even though you have terminated this plan, we would like to remind you of certain filing obligations. The related tax-exempt trust, custodial account, or other payers who are responsible for making payments may be required to file information returns on Form 1099-R, with Form 1096, for amounts paid or made available to any individual or beneficiary.

In addition, you must continue to file a Form 5500 series return annually until all plan assets are distributed. The last return required is the one filed for the year in which distribution is completed. Be sure to check "Final Return" box at the top of page 1.

This determination applies to the proposed termination date of 03/26/03.

This determination also applies to the amendments dated 09/15/03 & 12/10/02.

The requirement for employee benefits plans to file summary plan descriptions (SPD) with the U.S. Department of Labor was eliminated effective August 5, 1997. For more details, call 1-800-998-7542 for a free copy of the SPD card.

The information on the enclosed addendum is an integral part of this determination. Please be sure to read and keep it with this letter.
